

Hendrick painting is my recommended source for any of my paint needs. As a designer, my goal is to provide my clients with the best possible solutions for their space. In addition, once our design is complete, choosing the right contractors to finish the job is where Hendrick Painting truly makes it easy for me. I have confidence in Dan and his crew to complete each job with excellence as I turn my clients homes into their care. Dan has gone out of his way to make sure each job is complete in a timely manner that is pleasing to my clients. He and his staff are also very considerate of all furnishings using a systematic method to each project. They are organized and fair. Painting can be a huge undertaking depending on the size of the project and it is important to have a dedicated team with integrity leaving you with confidence that the task will be complete and you are satisfied. I recommend Hendrick Painting without reservation and believe you will be pleased with your experience. Please let me know if you need further information regarding Hendrick Painting for your latest design projects.
